Information

Organization Description:

The Blue Collar Caucus focuses on alleviating the economic anxiety felt by working class Americans. The caucus fosters member discussion and legislative ideas on addressing wage stagnation, job insecurity, trade, offshoring and dwindling career opportunities for those in the manufacturing and building trades. The caucus also focuses on bringing together a diverse array of Democratic representatives to generate solutions that will protect American workers from globalized competition, maintain the viability of domestic manufacturing and help to cultivate innovative industries that can provide stable employment amid rapid technological advancement.
